Calling All Contractors!

Final plans for the re-building of the Resica Community Playground are in the works, but the completion of this playground will not become reality without many skilled community business members helping with the build. The build is scheduled for July 15 -19, 2015 at the Resica Park located directly behind Resica Elementary School.

We are excited to invite your group for a special “Contractors’ Day” scheduled for Saturday, July 18, 2015 from 8:00am to 12:00pm and/or 1:00 – 5:00pm. A continental breakfast, lunch and dinner will be provided every day of the build. The assistance of individuals such as you is essential in order for us to complete the entire playground build in time for its grand opening on Sunday, July 19, 2015. If you or employees of your company are not available on Saturday, we have plenty of opportunities for volunteering from Wednesday, July 15 through Sunday, July 19, 2015.

More than a playground, this project will be a community gathering space for everyone to enjoy now and in years to come. The new playground, which will be constructed mainly of recycled plastic and composite lumber, will provide our children with opportunities to exercise their bodies, minds and imagination!

Every company who assists with the build, either through donations or volunteer work will receive special recognition on our “Friends of the Community” plaque. If you cannot assist with the build, but would like to provide a monetary donation, purchase a component, picket, or donate the use of heavy equipment or supplies, please contact Karen Conway at (570) 807-0602 or email Karen at kcon140@msn.com.

In May, a member of our committee will be contacting you regarding how your company may be able to assist in the build and we thank you in advance for any assistance you can provide. Please know that it is only through the joint efforts of individuals such as you that the children of our community will continue to have a playground to enjoy for many years to come!

Gratefully,

Gail Kulick, Co-Chairperson

Karen Conway, Co-Chairperson

Mission Statement

Enriching the lives of children by providing a safe and welcoming community playground where children of all abilities can play, learn, contemplate, build community and be good stewards of our environment and community.
